(date) (Book & Chapter)

During this month...

What was something you read in the Bible for the first time? Why did this section of Scripture stand out to you?

What was something you read that you didn't understand fully? What didn't connect about that passage?

What was something you read that was encouraging? How did it speak into your life?

What was something you read that was troubling, bothersome, or you just didn't like?

What has your reading this month made you want to do more or less of?
